

# Matthew Leung

**778.828.3868   mdleung@gmail.com   106-505 West 30th Ave.**

## Profile

I am a front-end / back-end web developer. My passion is learning and trying new things and upgrading my skills.

## Experience

### **CONTRACT WEB DEVELOPER WORK PLACEMENT @ JUSTEA.COM - 2017-2018**

Added new functionality to WooCommerce and WordPress e-commerce website and made it mobile friendly. Tasked with debugging code.

### **HACKATHON - 2017**

Created a product to help reduce sex trafficking on the Internet. (Project name: Buyer Beware)

### **PROTOHACK - 2016**

Created a product to help match job seekers to employers through an app. (Project name: Hire Up)

### **RESOURCE SPECIALIST @ CMHA - 2015 - 2016**

Encourage clients to go out and take advantage of free community events. Used the Weebly web platform to let clients view the various events.

### **FREELANCE WEB DEVELOPER / DESIGNER - 2010-PRESENT**

Assisting "Do Good" impact businesses, maintaining their multi-faceted web presence. Worked with Adobe CC Suite and WordPress to create functional and eye-catching websites.

### **FREELANCE CONSULTING - 2010-PRESENT**

Connected with small and medium sized businesses by scheduling appointments with clients, diagnose their computer problems, and promptly fix their issues.

### **COMPUTER TUTOR - 2010-2015**

Empowered seniors and marginalized peoples by teaching them how to use the internet and computers. Helped clients set and accomplish their goals.
